

Akando - Crumple Camo

Any shape you want it to be

Akando – Crumple Camo is the perfect way to disguise anything in the woods.

It's natural rigidity allow you to free from it to any shape you choose. Crumple effect ensures random natural looking shape.

Akando is a camo pattern cloth that can be bent and crumpled to pretty much any shape in seconds. Use it to disguise a tree stand, eliminate hard edges on a conventional blind or just wrap it around yourself to blend into the background.

Join multiple sheets just by folding edges together
